RECYCLING PREPARATION - 3 EASY THINGS TO KNOW

1. Know what to throw

Make sure you're putting the right materials in your recycling container—paper, cardboard, metal cans, plastic bottles and jugs.

2. Empty. Clean. Dry.™

Keep all recyclables free of food and liquid. One dirty item can contaminate an entire truckload, so make sure recyclables are empty, clean, and dry.

3. Don't bag it

It is not necessary to bag or bundle your recyclables. Items should be placed in the container loose. **NO PLASTIC BAGS.**

ITEMS THAT CANNOT BE RECYCLED

RECYCLING DON'Ts

- No plastic bags* or Styrofoam (considered trash)
*Plastic bags can be recycled at local supermarkets
- No items containing paint, aerosol or hazardous materials, even if dry
